[Karyn:]

One thing in life is guaranteed
You choose either her or me
Because she's everything I can't be
You've given me too much grief

[Karyn:]

It pains me
But it's not a game
And it hurts me
But I'm not ashamed

[Chorus - both:]

If I fall, if I lose
In the end who will you choose?
When I wake up from my dream
Will it be your face I see?
Are we forgotten and undone?
Deem me the worthy one

[Katrina:]

Unless something changes drastically
I don't see a future of you with me
But I wish things didn't end up this way
But it's the only option you'll take

[Both:]

Please give me a sign
Am I gone or are you mine?

[Chorus - both:]

If I fall, if I lose
In the end who will you choose?
When I wake up from my dream
Will it be your face I see?
Are we forgotten and undone?
Deem me the worthy one

[Karyn:]

Sometimes people change
And sometimes lovers lie

Sometimes I'm awake
And other times I die

[Katrina:]
'Cause you are not here
Without you I can't cohere
To what they say
So I'll shut off anyway

[Chorus - both:]
If I fall, if I lose
In the end who will you choose?
When I wake up from my dream
Will it be your face I see?
Are we forgotten and undone?
Deem me the worthy one

[Karyn:]
'Cause in the end

[Katrina:]
Someone's gotta win
