[Karyn:]

I want to steal your cute ass away
And lock you indoors in my bedroom
I want to cuddle and kiss every day
And I never want to let go of you

[Katrina:]

I like it when you smile and when you laugh
Because it's always at your own jokes
Where is this going and will it even last?
Well I guess we'll have to wait 'til we know

[Chorus - Both:]

All I know is that you're here
And it's become oh so clear
That the sky is blue
When you tough it through
Because I've finally found you

[Karyn:]

Could you be the one my mother told me of?
The one that I know I can kiss
And not feel you look over my shoulder and trust
That I am always on your to-do list

[Katrina:]

I never want the fire to go away
I prefer that it please stick around
Yes I hope this loving feeling stays
Because I want to know that you're still down

[Chorus - Both:]

All I know is that you're here
And it's become oh so clear
That the sky is blue
When you tough it through
Because I've finally found you

[Katrina:]

I guess it's true that love exists
But I fail to see reality in this

One day it might just come to pass
That we'll be married and it might just last
[Karyn:]
So go to sleep my darling
I am here by your side

[Chorus - Both:]
All I know is that you're here
And it's become oh so clear
That the sky is blue
When you tough it through
Because I've finally found you

[Chorus - Both:]
All I know is that you're here
And it's become oh so clear
That the sky is blue
When you tough it through
Because I've finally found you
