[Karyn:]

Life is too short for lying, or so they say
But I broke those boundaries in every possible way
I bent the truth so many times
I got wrapped in everything that was falsified

[Karyn:]

I built these walls with my two bare hands
And when it all crumbles, I will finally understand
Where this is going and in the end
I will build them back up again

[Katrina:]

What goes around may come around
But when you're living selfish, everything falls down
I know that it will always be hard
But I am trying to get off to a decent start

[Katrina:]

I built these walls with my two bare hands
And when it all crumbles, I will finally understand
Where this is going and in the end
I will build them back up again

[Karyn:]

All of my life I've been shaken and battered
When my life called I hit the wall and shattered

[Katrina:]

And all of the pieces of my heart cut deep like glass
And that's the one lie I can never take back

[Both:]

I built these walls with my two bare hands
And when it all crumbles, I will finally understand
Where this is going and in the end
I will build them back up again

[Both:]

I built these walls with my two bare hands
And when it all crumbles, I will finally understand

Where this is going and in the end
I will build them back up again
