On the third  
The month of May  
Saw eye to eye  
Took my breathe away

I stumbled on your every word  
The sweetest voice ive ever heard  
When you pulled me in so close to you

I lost myself

Nose to nose  
Our eyes were closed  
I snuck a peek  
I couldn't help  
I can't help  
Falling for you

What the fuck am I to do

Take it slow  
Is this the one  
Or a good time  
Well wheres the fun

I guess I'll give it a shot  
I'm stuck with you and I'm so scared  
I'm stuck to you and I don't care  
(But I'm sure I will)
