[Karyn:]

You say I never give you the good stuff
But you're lucky to even have my love
All these years you're slaggin' off
Time to show you who's the boss

[Katrina:]

We both know just who is
Hey there, boy, can ya handle it?
Better think twice before you throw a fit
I know what I'm gonna get

[Chorus - both:]

Sooner than it seems I will be out of your life
So boy get out of my mind
Sooner than you think I will have disappeared
Yeah, I'll have been so out of here

[Katrina:]

Watch out!

[Karyn:]

You say that I don't please your body
But I'm the best you've ever had
You say that I'm just not that naughty
But you don't even know how to be bad

[Katrina:]

You can't have my number
Keep it under lock
You can't have my number
Just because I'm hot

[Chorus - both:]

Sooner than it seems I will be out of your life
So boy get out of my mind
Sooner than you think I will have disappeared
Yeah, I'll have been so out of here

[Katrina:]

I am just not into you

Even though you got the 'tude
Sorry but I win, you lose
I don't even like your crew
[Karyn:]
I am just not into you
Even though you got the 'tude
Sorry but I win, you lose
I don't even like your crew

[Chorus - both:]
Sooner than it seems I will be out of your life
So boy get out of my mind
Sooner than you think I will have disappeared
Yeah, I'll have been so out of here

[Chorus - both:]
Sooner than it seems I will be out of your life
So boy get out of my mind
Sooner than you think I will have disappeared
Yeah, I'll have been so out of here

[Katrina:]
Watch out!
Watch out!
