[Katrina:]
I can't believe you touched me there
Suddenly, I'm so very unaware
Of everything you do to me
Lights so bright that I can't see
The people in the crowd getting low
Dancing to the beat of my heavy flow

[Chorus - Both:]
We tear this shit up every day
Might roundhouse kick you in the face
Just another big disgrace
And we aren't children of L.A.
So dance bitch, on the floor
Get it girl like you want more
So dance bitch, on the floor
Get it girl like you want more

[Katrina:]
Bitches mad because I kiss girls
Taste so good like a strawberry swirl
Jealousy is last season's trend
Peace and love will never end
Fit it fast like you want it bad
With sugar on top, not just a fad

[Chorus - Both:]
We tear this shit up every day
Might roundhouse kick you in the face
Just another big disgrace
And we aren't children of L.A.
So dance bitch, on the floor
Get it girl like you want more
So dance bitch, on the floor
Get it girl like you want more

[Karyn:]
I take it fast when I shake my ass
Make them girls so jealous of that
Ask the DJ to please bring it back
Break the speakers, cause heart attacks
If you hate me, you aren't alone

Been sitting here on my royal throne

[Chorus - Both:]
We tear this shit up every day
Might roundhouse kick you in the face
Just another big disgrace
And we aren't children of L.A.
So dance bitch, on the floor
Get it girl like you want more
So dance bitch, on the floor
Get it girl like you want more

[Chorus - Both:]
We tear this shit up every day
Might roundhouse kick you in the face
Just another big disgrace
And we aren't children of L.A.
So dance bitch, on the floor
Get it girl like you want more
So dance bitch, on the floor
Get it girl like you want more
