[Karyn:]

They never saw the truth
But I still saw right through
So now I don't even know you
This isn't what lovers are meant to do

[Katrina:]

So now I'll fall unbroken
'Cause my mind's still open

[Chorus - both:]

Everyone said we would last forever
But it was unperfect when we were together

[Karyn:]

When you held my hand

[Katrina:]

I gave you one last chance

[Both:]

Now we're done

[Katrina:]

Don't go and run away from me
Open your mind and you will see
All in me that I am
And all that I hope someday I'll be

[Karyn:]

So now I'll fall unspoken
At least I'm still hopin'

[Chorus - both:]

Everyone said we would last forever
But it was unperfect when we were together

[Karyn:]

When you held my hand

[Katrina:]

I gave you one last chance

[Both:]
Now we're done

[Karyn:]
Dreams aren't meant to be this toxic
But I can't ever get off of it

[Katrina:]
My love for you is still dying
Your lips I kissed are still lying

[Chorus - both:]
Everyone said we would last forever
But it was unperfect when we were together

[Karyn:]
When you held my hand

[Katrina:]
I gave you one last chance

[Both:]
Now we're done

[Chorus - both:]
Everyone said we would last forever
But it was unperfect when we were together

[Karyn:]
When you held my hand

[Katrina:]
I gave you one last chance

[Both:]
Now we're done
