[Katrina:]

Honestly, it was worth the crazy ride
But I am not quite used to thinking of you
You crept in to the darkest part of my mind
And now it seems there's nothing I can do

[Katrina:]

But I will let go of the pain
Standing outside in the rain

[Chorus - Katrina:]

I just wanna see you laying next to her
Feeling miserable about what you did
I am begging God to see you hurt
Because I'm so far over it
I just wanna see you cry
Like I did a million times
It makes me feel better about leaving
All you said was so deceiving
So go on and cry

[Karyn:]

In all actuality, I think I still love you
But it doesn't warrant feeling bad at night
So baby here's the heartache you put me through
And making you feel guilty for me feels right

[Karyn:]

And I will make you feel pain
Over and over again

[Chorus - Both:]

I just wanna see you laying next to her
Feeling miserable about what you did
I am begging God to see you hurt
Because I'm so far over it
I just wanna see you cry
Like I did a million times
It makes me feel better about leaving
All you said was so deceiving
So go on and cry

[Karyn:]

This is how it feels to be so done
With loving absolutely anyone

[Katrina:]

If you think that you got me so very good
Baby you're wrong; you didn't love me how you should

[Chorus - Both:]

I just wanna see you laying next to her
Feeling miserable about what you did
I am begging God to see you hurt
Because I'm so far over it
I just wanna see you cry
Like I did a million times
It makes me feel better about leaving
All you said was so deceiving
So go on and cry

[Katrina:]

Baby, it's okay to cry
