[Katrina:]

I'm on the witness stand, once again
Pointing fingers, jail doors slam
Seeing you in an orange jumpsuit
Is my perfect view of you

[Karyn:]

Mad scientist in your lab
You make Jeckyl & Hyde seem sad
Everything ends like a car crash
Before you know it, your life has passed

[Chorus - both:]

Good behavior won't save you this time
Should've confessed you did the crime
Now you're sentenced to life
And it's impossible to rewind
Now you can clean up your own mess
I saw you tamper with the evidence

[Katrina:]

You'll bail out of jail with a criminal plan
You'll write the escape route in the palm of your hand
Scandals, scandals, they want more
Too bad you're stuck behind a jail cell door

[Karyn:]

I took the key from the guard
And dangled it in front of your face
Like taking candy from a baby
And the I hid them all away

[Chorus - both:]

Good behavior won't save you this time
Should've confessed you did the crime
Now you're sentenced to life
And it's impossible to rewind
Now you can clean up your own mess
I saw you tamper with the evidence

[Karyn:]

How does it feel to be in the world of the real?

It's good to know you're back down to earth

[Katrina:]

But that doesn't change that you were on the skid

[Both:]

'Cause we both know just what you did

[Chorus - both:]

Good behavior won't save you this time

Should've confessed you did the crime

Now you're sentenced to life

And it's impossible to rewind

Now you can clean up your own mess

I saw you tamper with the evidence

[Chorus - both:]

Good behavior won't save you this time

Should've confessed you did the crime

Now you're sentenced to life

And it's impossible to rewind

Now you can clean up your own mess

I saw you tamper with the evidence
