[Katrina:]

If you wanted to shove me away all along
You should've done it when I still felt strong
Because now I can't see to forget about you
And I'm not sure how I am gonna pull through
But I know I've got to cross that bridge
Take the high road and get over it
But I don't want to be without your love
And I don't believe I'll ever have enough

[Chorus - Both:]

So if you wanna go, then be my guest
But you're deciding to get second best
You'll never find somebody that loves you
Not in the same way or as much as I do
There's nobody stopping you from being free
If you don't want to be with me, it's okay to leave

[Katrina:]

You treated me like I was the queen
I wanted to be your number one, just you and me
I was the exception to you call your type
But turns out it was a waste of both of our time
You're the constant itch that's under my skin
The one vice that I just can't let win
But when you're starting to take over
There's nothing I can't do but pray for closure

[Chorus - Both:]

So if you wanna go, then be my guest
But you're deciding to get second best
You'll never find somebody that loves you
Not in the same way or as much as I do
There's nobody stopping you from being free
If you don't want to be with me, it's okay to leave

[Karyn:]

If you want me to leave you alone
Then I can do that
But when you want to hit up my phone
I'm not coming back
And you can admire me from far away

But until I'm over you, I'll say...

[Chorus - Both:]

So if you wanna go, then be my guest
But you're deciding to get second best
You'll never find somebody that loves you
Not in the same way or as much as I do
There's nobody stopping you from being free
If you don't want to be with me, it's okay to leave

[Chorus - Both:]

So if you wanna go, then be my guest
But you're deciding to get second best
You'll never find somebody that loves you
Not in the same way or as much as I do
There's nobody stopping you from being free
If you don't want to be with me, it's okay to leave
