"Never Not Going To"

Visit "[Never Not Going To](#)" on MotoLyrics.com

I brought myself to your attention,
For someone in my situation
The biggest crime against love is having none
Not a million miles from here,
Not over there
There's someone here,
An obvious and eager volunteer
I'm never not going to do this
I'm never not going to feel this way
I'm never not going to do this
I'm never not going to again
Who could help but be...
Won over,
Who could help but be
Won over,
Who could help but be
Won over,
Simple things forgotten..
I celebrate with a goodwill
That could raise your shoulder high
Tine detail stowed away
With things you've said
I keep them all like nuggets
In my heart to marvel at
I'm never not going to do this
I'm never not going to feel this way
I'm never not going to do this
I'm never not going to again
Who could help but be...
Won over,
Who could help but be
Won over,
Who could help but be
Won over,
Won over,
You can't help but be
Won over,
You can't help but be
Won over,
