Your legs are sweet and they look like ivory
I can smell them and taste them at the same time
My mouth waters with anticipation
We're together and I'm alive
Feel my teeth, they're long and hard
The tips sharp enough to pierce your hide
Now it's time to taste your flesh
You gasp and whimper a silent cry
Goodbye

I prowl the room
I prowl the room
For something sweeter to consume
I prowl the room
I prowl the room
For something sweeter to consume

It's not enough
It's not enough
It's not enough
No, it's not enough

My sweat it starts to cover you
And your body starts to shake
No matter how much that you give
I just want some more to take
It's natural
It's natural

I prowl the room
I prowl the room
For something sweeter to consume
I prowl the room
I prowl the room
For something sweeter, something sweeter, something
sweeter

It's not enough
It's not enough
It's not enough
No, it's not enough

My mouth has had its fill of you
I can taste you on my breath
I give you one last kiss
And it's the kiss of death

It's not enough
It's not enough
It's not enough
No, it's not enough
