Lover boy

Hang on, hang on, hang on

Hang on, hang on, hang on

Hang on, hang on, hang on

Hang on, hang on

I took the steps in this mission

To take the tumultuous ride

It's a ride on the position

This medicine will keep me alive

We feel real hard

No one brought a chair

This is all when they travel in this train

I hear something out there

Didn't know, wouldn't try

Did it in harmony

Sound from the window will be coming much clear

That window's a mirror

I see myself, I'm not alone

On the train of jewels and gold

Passengers and passerby's

This train sparkles in their eyes

Then the stars start falling from my mouth

I want to die

I fall from the knees and clench my face

The glow had come alive

There's lighting in my eye

Thunder in my ears

I go so far my head explodes

Almost halfway there

Lighting in the sky

Thunder of the cry

Diving into a bodomless river

Falling right way

Lightning in the sky

Thunder in my room  
They're no to friend to memories  
Memories I promised you

Hang on, hang on, hang on  
Hang on, hang on, hang on  
Hang on, hang on, hang on  
Hang on, hang on

I said I'd try, now I try  
Very short soul and piece of joy  
On an empty vine

Treasure, treasure, treasure, treasure  
Treasure, treasure, treasure, treasure  
Treasure, treasure, treasure, treasure  
On the treasure train

On the treasure train  
On the treasure train  
We will never be the same  
On the treasure train

On the treasure train  
On the treasure train  
Go so far my head explodes  
On the treasure train
