

Horsell Common "Bruise Easy"

Visit "[Bruise Easy](#)" on MotoLyrics.com

Write our names and the date in the wet concrete
Anything to make you proud
This city means everything to me
When I'm gone I feel left out

And we can't lose

Daydream every chance I get to be home again
Daydream every chance I get
Every chance I get to be home again

Write our names and the date and the time and the
way we felt up till now
Don't we like it how the lights go on and on and on and
on and on
Daydream every chance I get to be home again
Daydream every chance I get
Every chance I get to be home again

Well its hearts on sleeves this evening
And we can't lose
And we don't bruise easy [x3]

Daydream every chance I get to be home again
Daydream every chance I get
Every chance I get to be home again
