Screaming to the rescue
Help is on its way
How thin this must be wearing

Runaway degenerate
Some kind of mystery
All the qualities of a cancer
You'll never make a salesman
Get back to work you amateur
Get back to work you amateur
All the qualities of a cancer
You'll never make a salesman
Screaming to the rescue
Help is on its way
How thin this must be wearing

A bit of luck too much to ask?
Wanna make a fool?
Sounding like you do.
Wanna make it effortless?
A bit of luck too much to ask?

Screaming to the rescue [x3]
Help is on its way
How thin this must be wearing
