Tell me what I want to know  
My upsize generation  
We don't talk anymore  
And no-one gets up to change the station

It's ok  
It's a resort  
Compared to what I've seen before  
It's ok  
It's alright I've seen it all [x2]

Wear a hole in the floor  
I walk back, back and forth  
No-one cares anymore  
Can anyone bare the thought of action?

It's ok  
It's a resort  
Compared to what I've seen before  
It's ok

It's alright I've seen it all [x2]

You be the one who never forgets  
And I'll be the one who cleans up after  
I'll be the one

Tell me what I want to know  
My upsize generation  
We don't talk anymore  
And no-one gets up to change the station

But it's ok  
It's a resort  
Compared to what I've seen before  
It's ok  
It's alright I've seen it all [x2]

It's ok  
It's alright
