We can make the edges smooth
When we sing the news
Sing the news
We can make the mood in here
If we just go to the trouble
Disappear
We can put this fire out
Though the air is dry
Just by breathing out

Bottle, this feeling at the bottom
We can just watch the world just pass us by
While everyone is saving everything they've got
We will make the most of our time
Cos' it's time we haven't got a lot of

Miss you all the same my alcohol
Miss you all the same my alcohol

We can stretch the ends
Till it frays, till it bends
So insincere
We can talk out our mouths
But it doesn't count if no-ones there to hear
We can sing the news if it looks like its gonna be a bad,
bad day

Miss you all the same my alcohol

Miss you all the same my alcohol

We can make the edges smooth
When we sing the news
Sing the news
We can make the mood in here
If we just go to the trouble
Disappear
We can put this fire out
Though the air is dry
Just by breathing out

Bottle, this feeling at the bottom

We can just watch the world just pass us by
While everyone is saving everything they've got
We will make the most of our time
Cos' it's time we haven't got a lot of

Bottle, this feeling at the bottom
We can just watch the world just pass us by
And while everyone is saving everything they've got
We will make the most of our time
Time we haven't got a lot of

Miss you all the same my alcohol
Miss you all the same my alcohol
