The room spun when we fell in love
I never learned from past mistakes
I break when I listen to the heart tapes
I never learned from past mistakes

I love the side effects
Of things we say when we're upset
I break every time I listen to the heart tapes
Listen to the heart tapes

Hey. Hey. Hey. Hey.

Drain the water from the reservoir
Take the kettle from the kettle cord

Nothing's clean, backyard surgery
Nothing's clean

Hey. Hey. Hey. Hey.

I break when I listen to the heart tapes
Listen to the heart tapes [x8]

Drain the water from the reservoir
Kettle from the kettle cord [Listen to the heart tapes]
Because nothing's clean
Nothing's clean [Listen to the heart tapes] [x2]
