I've got tastelss jokes
You've got whips and chains and Tanqueray (leather
and ice)
We coherse and coast (give it to me now)
Butterflies that float over parade (give it to me)
Carelessly I walk upon the avenue (one more time
friend)
In a bit of rouge and lingerie
(give it to me)
(Party on, bomp, bomp, bomp)

Well I stay awake for hours (tell me about it man)
Long after the dreamers come to play (all the time
man)
Drenched in golden showers (baby, your a sick one)
Chain me to a velvet serenade (give it to me)
Swan diving from the Eiffle tower (party up, fool)
Into a glass of Grand Marnier (one, two, three)

You don't know why I'm so dreamy,
I wanna live with you forever and, forever and a day
I don't know why your so good
I wanna live in your menagerie,
Your so good
I wanna live with you forever baby
Your so dreamy
Forever and forever baby
Your so good

I fly into the sky
No harm, landen' in your arms
Once more, meet me by the door
One two two three four

(bring him back now)
I've nothing left to give (flat broke)
Just some coke and rubbings from a grave (your a sick
one)
We expect to live
For much longer then we ever stay (bring him back)
Carelessly I walk along the avenue

Where we first met in St Tropez

You don't know why i'm so dreamy,
I wanna live with you forever and, forever and a day
I don't know why your so good
I wanna live in your menagerie,
Your so good
I wanna live with you forever baby
Your so dreamy
Forever and forever baby
Your so good

I fly into the sky
No harm, landin' in your arms
Once more, meet me by the door
One two two three four
I say dance the night away
No time, meet me after nine
Who cares what's they gots to sell
I know they can go to hell

You don't know why i'm so dreamy,
I wanna live with you forever and, forever and a day
I don't know why your so good
I wanna live in your menagerie,
Your so good
I wanna live with you forever baby
Your so dreamy
Forever and forever baby
Your so good
Your so good
Your so good

Carelessly I walk upon the avenue
Where we first met in St Tropez
