"Down With Prince"

I'm sick of motherfuckers trying to tell me that they're
down with Prince

I was just a baby when I heard him playing Vanity 6
And now it's such a ripoff got to get to my Electric Six
Show 'em how it's done I think you got to get shown up
rich

Snare drums pound on the 2 and 4.
If you've got a kick drum get on the floor
... some more
All the ... get out the door
...
... if you know what I mean
...

Gettin' down with your royal badness

Been working night and day on my CV since I was
seven years old
Didn't know a dollar from a sniff of your raspberry
cologne
Ladies beg your pardon can I show no bitches good to
go
Where were you ...
Snare drums pound on the 2 and 4.
If you've got a kick drum get on the floor
... some more
All the ... get out the door
...
... if you know what I mean
...

Gettin' down with your royal badness
