"Heaven Is In The Backseat Of My Cadillac"

Visit "[Heaven Is In The Backseat Of My Cadillac](#)" on MotoLyrics.com

When you can't take any more
When you feel your life is over
Put down your tablets and
Pick up your pen and
I'll put you together again.
Of your faith withers away
If God can't bring you your answer
Write me a letter I'll read it and then
I'll put you together again.
Put us together
Together again
Put us together again
When things look hopeless
Just write me and then
I'll put you together again.
If there's no light anywhew
And you've got no one to turn to
I'll lead you out of the darkness and then
I'll put you together again.
Put us together
Together again
Put us together again
Drop me a few lines
Telling me when and I'll
Put you together again.
When things look hopeless
Just write me my friend and
I'll put you together again.
Do some tastin'.
Hooray
Hooray
It's a holi-holiday
