### "Hittin' Skittles"

Oh oh ohohoh

I'd really like to have it  
But you know that we shouldn't order  
Not that I'm a moral man  
But you know what I I am  
If I met you on the corner  
Where I was once a man  
Still I couldn't put it to you  
But fear that you would understand

If we wern't ??  
Know that that's my favorit track  
I live inside dirty water  
I trust that you would take my hand  
I know that ??  
And you've got nothing on back  
Bad ways of tilted talking  
Still the best you've ever had

There has been no dirty moment  
But I feel the need for bathing  
I am going to keep my clothes off  
Are you gonna call me baby

I'd really like to have it  
But you know what we shouldn't order  
Not that I'm a moral man  
But you know what I I am  
If I met you on the corner  
Where I was once a man  
Still I couldn't put it to you  
But fear that you would understand

There has been no dirty moment  
But I feel the need for bathing  
I am going to keep my clothes off  
Are you gonna call me baby
