Aah - aah, baby-babe

I wish I had a heart of stone  
I wouldn't be here crying for you babe  
Wondering how to live now you're gone  
How to spend the winter nights keepin' warm  
Cheri babe - ch-cheri, cheri baby  
Cheri babe - ch-cheri, cheri baby

I wish I'd taken to my bed  
All the pretty faces I could have had  
But I was always true to you, my love  
It broke my heart that you weren't ever never true  
Cheri babe - ch-cheri, cheri baby  
Cheri babe - ch-cheri, cheri baby

Oh - oh baby don't leave me this way  
And all my need unsatisfied  
Cheri baby, baby baby  
Baby, I love you, baby

I wish I could make mere music  
So people all over the world dance about  
But you ain't have nothing for me to laugh about  
You ain't have nothing to care about  
Cheri babe - ch-cheri, cheri baby  
Cheri babe - ch-cheri, cheri baby

It hurts to be in love with you  
You don't know how much I could do  
With a heart of stone, babe  
Cheri babe - ch-cheri, cheri baby  
Cheri babe - ch-cheri, cheri baby  
Oh oh cheri babe - ch-cheri, cheri baby

Cheri, cheri baby, cheri, cheri baby  
Oh oh - ch-cheri, cheri baby  
It hurts to love you baby - ch-cheri, cheri baby  
It hurts to love you - ch-cheri, cheri baby ....
