I'll see you at the kissing gate  
I got something that can't wait

Oh my soul!  
(Awake and take the road)  
Arise, watch!  
(Fools will sink low)  
Oh my soul  
(take the right path)  
Arise, watch!

I like your strawberry hair  
And your ivory stare

Oh my soul!  
(Awake and take the road)  
Arise, watch!  
(Fools will sink low)  
Oh my soul  
(take the right path)  
Arise, watch!

Waiting waiting  
(for the drugs to take affect)  
Waiting waiting  
(loose that noose around my neck)  
I've been Waiting waiting  
(a man will beg his brother please)  
Waiting waiting  
(For pint of patience please)

I saw you at the kissing gate  
Tear-stained swollen face  
(chorus)
