Reaching back, I'm a fortune teller  
I'll tell her I'm the way  
There will be those days  
Can't make them go away

There are always ways of telling  
They are crazy about me  
Grass is what I'm after  
Tracks got off the train

What is it that you're after?  
I can't make the train go any faster

There are times when the days go by  
And I'm a total stranger  
Plaster souvenirs  
Them shouting in my ear

I can't make fat a skinny cat  
Baby, substitutes  
I'm a fortune teller  
I'll tell her I'm the way

What is it that you're after?  
I can't make the train go any faster

I'm a fortune teller  
I'm a fortune teller

I'm a fortune  
I'm a fortune teller  
I'm a fortune  
I'm a fortune teller, yeah
