Maybe it's only 'cuz I'm so poor
That you don't count me anymore
Maybe I'm tryin' to compare
Take my picture don't you dare
(Don't you dare)

Maybe it's only 'cuz I fall
I'm so much closer, but you're so tall
But I'm no baby, I ain't no child
I'll get to bed soon in a while

Hear me callin' down your stairs
Count your children don't be scared
(Don't be scared)

My wooden floor is awful bare
But you can't take me I'm not there
(I'm not there)

'Cuz I'm screamin', 'cuz I'm tired
I'm a little bit lonesome, I'm not so dire
But I'm no baby, I'm no child
I'll get in bed now just for a while

Hear me callin' down your stairs
Count your babies one's not there
One's not there

Yeah
No killing
Nobody
