Everyone has their own myths
Not their father's troubles
It's the mother's kiss
But me, would you save my life
Or take it away from me?
Stab me with a knife

Hey
(Hey)
You'll find it in yourself, I know
To fly across the cobalt sky
(Sky)
And leave me down below, I know
To bend my neck and wave goodbye

You pictured black and white
Clouds stay 'til night
Don't make the day look bright
And you in a beatnik black beret
(You)
Out on a sunny day
Made the crows fly away

Hey
(Hey)
You'll find it in yourself, I know
To fly across the cobalt sky
(Sky)
And leave me down below, I know
To bend my neck and wave goodbye

Hey
(Hey)
You'll find it in yourself, I know
To fly across the cobalt sky
(Sky)
And leave me down below, I d-don't know
To bend my neck and wave goodbye

Wave goodbye
Wave goodbye
(Bye hey)

Wave goodbye
Wave goodbye
(Bye hey)
Wave goodbye
Wave goodbye
(Bye hey)
Wave goodbye
Bye bye
Ohh
Bye
