Broken

By words left unspoken
I thought you was joking
The words you say

Stymied

Please come untie me
You're lyin' right beside me
Don't lie to me

Lying

I caught you lying
You caught me trying
Don't let me catch you lying

Daisy

Open up the daisies
And lay my so lazy
Soul to sleep

Hoping

I was not joking
Was merely choking
The words got caught

Lying

You caught me lying
I caught you trying
Don't let me catch you lying

Lying

I caught you lying
You caught me trying
Don't let me catch you lying

Lazy

Daisy

Lazy

Daisy

Lazy
