How can I follow suit  
When nothing seems to matter anyway  
Living too close to nothing new  
It takes a lot to get used to today

But I follow suit  
And I follow suit anyway  
But I follow suit  
And I follow suit everyday  
And I'm in love with a sunflower suit  
I'm in love with a sunflower suit  
I'm in love with a sunflower suit  
I'm in love with a sunflower suit  
It's a fashion meant for me today  
I'm in love in with a sunflower suit  
Nothing else matters anyway  
I'm in love with a sunflower suit  
That is how I get the birds to stay  
I'm in love with a sunflower suit  
I'm in love with a sunflower suit

It's no wonder if I can last  
Broken fingers, broken glass  
No straps and no safety net  
I'll make an impression they can't forget

But I follow suit  
And I follow suit anyway  
But I follow suit  
And I follow suit everyday  
And I'm in love with a sunflower suit  
I'm in love with a sunflower suit  
I'm in love with a sunflower suit  
I'm in love with a sunflower suit  
It's a fashion meant for me today  
I'm in love in with a sunflower suit  
Nothing else matters anyway  
I'm in love with a sunflower suit  
That is how I get the birds to stay  
I'm in love with a sunflower suit  
I'm in love with a sunflower suit  
I'm in love with a sunflower suit
