Walked home in the rain today
Took the subway train today
Went to my room, listened to Billie Holiday
Stared down to Broadway

Took the bus home today
Had a staring contest
With a guy I did not know today
Outstared everyone on the bus today
Took it home to Broadway

I don't care if you don't understand
I will be there anyway
Just found out what to be today
See it through

[Incomprehensible]

I don't care if you don't understand
I will be there anyway
Just found out what to be today
See it through
