(unofficial lyrics)

I glue these pieces carefully
Trying not to lose a thing
We built a house down by the sea
I held your hand when you would say

I bought you orange juice and tea
I picked you up each Saturday
I built a house down by the sea
I held your hand when you would say

I can't find these easy, I can't find these pieces
I can't find three easy pieces, I can't find these easy
pieces
I can't find three easy pieces, I can't find these easy
pieces

I glue these pieces carefully
I'm trying not to lose a thing
We built a house down by the sea
I held your hand when you would sleep

I can't find these easy, I can't find these pieces
I can't find, I can't find

On a path too dark to see
Dante Essen look at me
And crowns talk and then erase
Stop your crying kitchen sink

I can't find these easy pieces, I can't find three easy
pieces
