These bandages cover more than scrapes
cuts and bruises from regrets and mistakes.
I've been hoping you're moping around the street
again.
I've been tripping from sipping the dripping dirty water
tap.
I've been poking a voodoo doll that you do not know I
made.
These bandages are anonymity.
I've been shaking from making an awful decision.
I've been running and running...
feels like my head is spinning round and round
around around around around around...
Bandages on my legs and my arms from you
(Bandages bandages bandages)
Up and down on my legs and my arms from you
(Bandages bandages bandages)
I've been hoping your moping around the street again.
I've been tripping from sipping the dripping dirty water
tap.
I've been poking a voodoo doll that you do not know I
made
for you
of you
let's see what needles do.
I've been shaking from making an awful decision.
I've been thinking I'm drinking too many drinks all by
myself.
I've been running and running... feels like my head is
spinning round and round and round
around around around around
Bandages on my legs and my arms from you
(Bandages bandages bandages)
Up and down on my legs and my arms from you
(Bandages bandages bandages)
Bandages on my legs and my arms from you
(Bandages bandages bandages)
Up and down on my legs and my arms from you
(Bandages bandages bandages)
(Bandages bandages bandages)
Don't worry now, don't worry now, don't worry cos it's

all under control
Don't worry now, don't worry now, don't worry cos it's
all under control
Don't worry now, don't worry now, don't worry cos it's
all under control
Don't worry now, don't worry now, don't worry cos it's
all under control
Don't worry now, don't worry now, don't worry cos it will
all turn around
Around around around around around around around..
Bandages on my legs and my arms from you
(Bandages bandages bandages)
Up and down on my legs and my arms from you
(Bandages bandages bandages)
Bandages on my legs and my arms from you
(Bandages bandages bandages)
Up and down on my legs and my arms from you
(Bandages bandages bandages)
(Bandages bandages bandages)
(Bandages bandages bandages)
(Bandages bandages see how bandages do.)
