Should have never happened that way
I made a mistake that changed forever
I don't know what I'm supposed to say
but like cheap trick I surrender

When I laid my eyes on you I knew
that this was forever
how could I have been such a stupid fool
I'm not so clever

I forgot what happened that day
wish I could go back and make it better
I had my guard up there's nothing you could say
the white flags up now I surrender

When I laid my eyes on you I knew
that this was forever
how could I have been such a stupid fool
I'm not so clever

What a train wreck another bad day
I'm drinking myself through a week long bender
I don't know what I'm supposed to say
but like cheap trick I surrender
