I don't wanna wait,
Don't hesitate in the end.
Never want to feel like im being misled.
I don't wanna break,
Want to learn from my own mistakes.
Never want to feel like im being misread.

And whenever you wake up,
Will you still be here for the sake of
Keeping things at ease?
Never want to hear how you missed out,
Of more important things.
And I never want to cloud your happiness,
Cause God knows what that means.

And I don't wanna wait,
Don't hesitate through the end.
Never want to feel like im being misled.
I don't wanna break,
Want to learn from my own mistakes.
Never want to feel like im being misread.

And whenever you wake up,
Will you still be here for the sake of
Keeping things at ease?
Never want to hear how you missed out,
Of more important things.

And I never want to cloud your happiness,
Cause God knows what that means.

And it would do some good to know,
All the feelings that you wont show.
As confusing as it seems,
It's all been just a misunderstanding.
It would do some good to know,
All the feelings that you wont show.
As confusing as it seems,
It's all been just a misunderstanding.

And I don't wanna wait,
Don't hesitate through the end.

Never want to feel like im being misled.
I don't wanna break,
Want to learn from my own mistakes.
Never want to feel like im being misread.
