Another late night i'm driving home to you
I miss you so much
i know it's stupid when i say that it's for you
i mean me too

Another late night i'm driving home to you
I miss you so much
i know it's stupid when i say that it's for you
i mean me too

i'm seeing double and i know that i'm in trouble
i can't wait to see you standing there
falling flat on my face is the best i can do

i hear you laughing and the smile on your face is
assurance
that you need me there
can't you see that i'm doing the best i can do

im kind of clueless and i hope that your awake
i hope you know this
without each other
then my heart would surely break
i'll see you soon

Another late night i'm driving home to you
I miss you so much
i know it's stupid when i say that it's for you
i mean me too

i'm seeing double and i know that i'm in trouble
i can't wait to see you standing there
falling flat on my face is the best i can do
i hear you laughing and the smile on your face is
assurance
that you need me there
can't you see that i'm doing the best i can do

another summer passes on and
you're still with me and we're still going strong.
another summer passes on and
you're still with me and we're still going strong.

i'm seeing double and i know that i'm in trouble
i can't wait to see you standing there
falling flat on my face is the best i can do
i hear you laughing and the smile on your face is
assurance
that you need me there
can't you see that i'm doing the best i can do
