I am so high i can feel you in my bones.  
I am staring through the window like a stalker.  
Hoping we can meet, yeah, thinking through the street  
I hope you have nothing on underneath.  
It's time to seal the deal.  
Don't even know how you feel.  
I'm never been much of a smooth talker.

Won't you stand in the middle of the street with me  
right now?  
Yeah, shout it out. right here together, right here  
forever somehow.

Whoa-oh  
We gotta go with what we're feeling, with what we  
believe in.  
I'll write a melody and sing it, and the whole world will  
scream it.
