We're living in a world that ought to be better
And we need a love to help us find a way.
I need you
girl
and we can make it together

Now the times are rough
I need you ev'ry day.
You are my angel from paradise
I'll be your guiding star tonight.
Angel from paradise
I'll be your angel of delight.
I'm looking in your eyes and I can see magic
And the reason why is I'm in love with you.
I realize that losing you would be tragic
And I know I'd die if ever I lost you.-
You are my angel from paradise
I'll be your guiding star tonight. . . .
Suddenly my life is o.k. with you
my love

I believe you came to me from up above.
Angel from paradise
I'll be your guiding star tonight.
Angel from paradise
I'll be your angel of delight.
Angel from paradise
I'll be your guiding star tonight.
