I paid nothing for nothing
That's what I asked for
I undersold myself
Looks like: it's a disaster
Back when we were licensed
Back when we were free
Back when we were Christ-like
Back when we were relieved

I paid nothing for nothing
That's what I spent
C'mon
Audit me
Audit me
I don't give a shit
I paid nothing for nothing
So come collect
C'mon
Audit me
Audit me
I got give a shit
I paid nothing for nothing
So come collect

Fill your lungs with free air
Free up your hands
You got your work cut out
The force of evil plans
Backed by wicked men
Backed by thieves
Backed by the Judas kiss
Back down on my knees
