Your minutiae  
Your perks  
Your perspective  
My paperwork  
Your system  
Your appeal  
Your records  
My paperwork  
Your labor of love  
My paperwork

It's pretty clear to me  
Any upside I'll ever see  
Is gonna have to be  
Underwritten by you  
Your place in history  
Supposed to be  
An incentive to me?

Your arrangements  
Your score  
Your standings  
Your impropriety  
Your tenacity  
Your philanthropy  
Your merits  
My paper work

It's piling up
