Lights go down on another show
It's early morning so they know
That Penny Lane's not far behind
Light blonde hair and bright blue eyes
A supermodel in disguise
She holds her pass behind their lines

Penny Lane I wanna hold you in my arms
You're the only one who cares
Dressed in life for so much more
Penny Lane standing by the band room door
You give your heart and so much more
Penny Lane my Penny Lane

Pack your pockets close your eyes
Through your lipstick faded smile
I see you're needing more than them
Now the stage is far away
No more games they have to play
You close your heart to hide the pain

Penny Lane I wanna hold you in my arms
You're the only one who cares
Dressed in life for so much more
Penny Lane standing by the band room door
You give your heart and so much more
Penny Lane my Penny Lane

Throw it all away, run away and hide
From the lonely nights of suitcases and cheap
goodbyes we know
Through your eyes I see broken memories
From the lonely nights they took from you and threw it
all away

Penny Lane I wanna hold you in my arms
You're the only one who cares
Dressed in life for so much more
Penny Lane standing by the band room door
You give your heart and so much more
Penny Lane my Penny Lane

Penny Lane I wanna hold you in my arms
You're the only one who cares
Dressed in life for so much more
Penny Lane standing by the band room door
You give your heart and so much more
Penny Lane my Penny Lane
