Time's come for us to part
~And think of living as it was.
Into the future we must cross...
...Must cross.

~I'd like to go with you
~And I'd like to go with you.

You say I'm harder than a wall
~A marble shaft about to fall.
I love you dearer than them all...
...Them all.

~So let me stay with you
~So let me stay with you.

And as we walked into the day
~Sky's of blue have turned to gray.
I might have not been clear to say...
To say...

...I'd never look away
~I'd never look away.

And though I'd I'm feeling you inside
~My life is rolling with the tide.
I'd like to see it be an open ride...

~Along with you
~Going along with you.

The time we'd borrowed from ourselves
~Can't stay within a vaulted cell.
And living turns into a lender's well...

~So let me come with you
~And let me come with you.

And when we came out into view
~And there I found myself with you.
When breathing felt like something new...

New...

~Along with you

~Going along with you.
