How long baby, how long has that evening train been  
gone?

It's been gone since that blood red sun went down

Thought I heard a whistle and I think I see a train

Deep in my heart there is an aching pain

Said how long, how long, baby how long?

Well look down them tracks and feeling so bad

Lost the best woman that a poor man ever had

How long, well how long baby, how long?

Well how long baby, how long has that evening train  
been gone?

It's been gone since that blood red sun went down

How long baby, how long has that evening train been  
gone?

It's been gone since that blood red sun went down
