(Jorma Kaukonen)  
Looked outside my window  
Fog came up to play  
That gray outside is around my head  
Looks like it's there to stay  
Looks like it's there to stay  
Looks like it's there to stay  
Can't you see I love you  
I want you more and more  
I see you here most every day  
I don't know where you are  
I don't know where you are  
Time goes on and I get older  
What am I going to do?  
My mirror face keeps getting colder  
My eyes still look for you  
My eyes still look for you, now  
Said my eyes still look for you  
Sun came out this morning  
Highway showed my way  
Cracks in the sand pulled me into the sea  
Washed my cares away  
Washed my cares away  
Washed my cares away  
You know I want to touch you  
My back end gives me pain  
Your smile releases all my life  
Like flowers under rain  
Like flowers under rain  
We start to live again
