Will you rock me, baby?
Said, rock me all night long
Well, said rock me, baby
Said, rock me all night long
I want you to rock me, mama
Lord, like my back ain't got no bone

Roll me, baby
Lord, how you roll your wagon wheel
Well, said, roll me, baby
Lord, how you roll a wagon wheel
Way you roll me pretty baby
Lord knows how good it makes me feel

Roll me better, baby
Lord, how you roll your dough
Will you roll me better, baby?
Lord, how you roll your dough
Well, now and I hope that day will never come
When I still can cry out for more

Well, I said, rock me, baby
Said, rock me all night long
Well, I said rock me, baby
Said, oh, rock me all night long
Well, I want you to rock me, baby
Lord, like my back ain't got no bone
