I got the skys to remind me. I've watched the clocks go round. I want myself through somedays that put me where I am in another time, in another place, lopping might i fit in place but for now im finding myself right here standing on a rooftop screaming  
Hey world are you listening, listening to me? I'm here and im hurting to begin again.  
Its another time its another place, we are making more obeys, but for now im finding myself right here standing on my doorstep screaming.  
Hey world are you listening listen to me im here and im hurting to begin again. Hey world im ready to listen learn something new (smoke weed!) I'm here and I'm willing to get ourselves through
