Act One, a girl walks on to screen
An attention driven whore, a mindless fiend
She cries for days and weeks
But nowons attention she seems to keep
Shes fallingÃfÂçâ, -Ã,Â!
Just screaming and calling,
Shes falling
Just a struggling actor
Missing a key factorÃfÂçâ, -Ã,Â!
Everytime somewon offers a hand
Shes retorts with an awful demand
And againÃfÂçâ, -Ã,Â!shes falling
Just falling
Screaming, calling, drowning, stalling
But always falling
A knock on your heart sais let us in, let us in!
Nobodys gome, a reply as a razor meets skin
FallingÃfÂçâ, -Ã,Â!..

So were gathered here today
In hate, love, passion and dismay
Of a girl we resent and repent
From now on let your love project
Lest we forget
From a thousand words Id have to pick
I can think of only one that will stick
Passion
Describes her life and moves
That makes the cast and crew
Never spoil the ending.
