And I turn black. I turn stars. I turn you.  
And I turn black. I turn stars. I turn you.

And I can wait around.(I turn black)  
And I can wait around. (I turn stars)  
And I can wait around.(I turn you)

And I turn black. I turn stars. I turn you.  
And I turn black. I turn stars. I turn you.

And I can wait around.(I turn black)  
And I can wait around. (I turn stars)  
And I can wait around.(I turn you)

And turn black. I turn stars. I turn you.  
And I turn black. I turn stars. I turn you.

And I can wait around.(I turn black)  
And I can wait around. (I turn stars)  
And I can wait around.(I turn you)

And I can wait around.(I turn black)  
And I can wait around. (I turn stars)  
And I can wait around.(I turn you)

And I can wait around.(I turn black)  
And I can wait around. (I turn stars)  
And I can wait around.(I turn you)
