Why do i feel that i need something more
Than a quick release from my emotions stowed up
inside of me
One day i will break free on the inside
Would it seem right if i just walked away on the outside
Could you be mine cause i won't ever stray
(i can see it again)
I will sink my soul in you and you can see it through with
me constantly searching for the flawless combination
When it's found it feels completely useless
Keep digging deeper in myself
You can see her right around the way
