It's already so hard to obtain...
But I'm sure you will
Make it all complicated
That a certain fall
Is bound to send you
To the cold floor.
You know it's all related.

The view descent's reminiscent of...
You know it's all related.

When you come,
Crumbling,
You will grow back again,
Don't hold your breath.
Don't lie awake,
But don't hesitate,
Be ready to see.
Right.

Right.
Ready to see.

The view in ascent's reminiscent of...
You know it's all related.

When you come,
Crumbling,
You will grow back again,
Don't hold your breath.
Don't lie awake,
But don't hesitate,
Be ready to see.
