The bleeding doesn't stop,  
What can I do?  
"Hold me", she says, cause it's alright.  
"What can I do?"  
"Nothing", she says, cause it's alright  
Cause it's alright

*[Chorus]*

Soft brown eyes-tell me  
She's alright.  
Don't ya know, Don't ya know,  
She's alright.

Eaten up from the inside  
I know  
Oh-Oh, with a smile

I can see through  
Without being told  
I'm eaten up from the inside  
I know, I know

*[Chorus]*

Soft brown hair,  
Skin dipped in gold,  
I touch her lips with her hands  
I can hold  
With eyes of passion,  
A silken embrace  
I smell the flowers  
In the rain, in the rain.

*[Repeat Chorus]*
